BUILDING ALTERNATIVES TO AGRO-INDUSTRIAL FOOD SYSTEMS

25-26 AUGUST 2021 | FINAL CONFERENCE

This final conference is organized in the framework of a Swiss National Fund research project on Alternative Food Organizations hosted at the Institute of Citizenship Studies, University of Geneva, Switzerland. In the framework of this research project, we mapped and surveyed Alternative Food Organizations that are active in the Swiss canton of Geneva. The final conference will take place in a hybrid format (online/in-person) and we would like to invite researchers working on food networks and Alternative Food Organizations to present their work and to discuss our ongoing research. To learn more about our project, you can visit [our website](#).
